

Since 2007, the annual RCE Saskatchewan Education for Sustainable Development Recognition Event has honoured local individuals, groups and organizations that have made innovative achievements in education that builds capacity for sustainable development in Saskatchewan and that help contribute to the 17 UN Sustainable Development Goals (2015 - 2030). Held in a different community each year, the event shines a spotlight on projects from across the province.

## 2020 Virtual Event

Originally planned to be held at the First Nations University of Canada Regina Campus, the 2020 RCE Saskatchewan's Education for Sustainable Development Recognition Event was instead held as a virtual event in light of the COVID-10 Pandemic. A video of the Event will soon be posted. Find details on this years' awards recipients here.
